itelligence AG with new Board structure

Frankfurt, February 9, 2001 - Frankfurt-based itelligence AG, the company formed through the merger of SVC AG and APCON AG, has completed its internal integration process by adopting a new Board structure.

After an interim period with two Management Board Spokesmen, Herbert Vogel has now been appointed Chairman of the Management Board of itelligence AG. He will also be responsible for Germany, Austria and Switzerland. Burkhard Berner will take over responsibility for the American operations and the rest of Europe from Michael Kleinemeier. In addition to Outsourcing/Service, Norbert Frank will be in charge of Marketing as well as Business Development Center Technology and Integration. Dr. Thomas Wrede will remain responsible for Finances, Controlling and Investor Relations, while Michael Kleinemeier will retire from the company's Management Board on March 31, 2001 to join the management of SAP Deutschland AG & Co KG. In his new function Mr Kleinemeier will liaise closely with itelligence AG.

"Through the new Board structure," explains Board Chairman Herbert Vogel, "we have streamlined our management to make our company even more competitive."
